MICHELIN GUIDE RECOMMENDED

Burgermeister

American 

This family-owned Cole Valley burger joint is known for its big, juicy half-pound patties, made from humanely raised Niman Ranch beef. Toppings run from the expected, American cheese and chili, to the surprising, including sliced mango or grilled pineapple. Even the crisp fries are kicked up with roasted garlic, chili, or spices. Sure, there are other fine choices on the menu, such as Philly cheesesteak, fish & chips, or grilled chicken, but most come here for a burger. Vegetarians may indulge in a portobello burger with roasted red pepper mayo.

Beyond these offerings, Burgermeister has gone green with all natural products, bio-degradable packaging, and recyclable materials. Look for their other locations in the Castro, North Beach, and Daly City.
